EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Robert Kennedy on September 30, 2003.

The application has been amended as follows:

In the Claims:

In line 6 of claim 12, "exhaust conduits exhaust" has been changed to ---exhaust conduits---.

2. The following is an examiner's statement of reasons for allowance: New claim 12 includes the recitation that "air is drawn out of the air exhaust conduits thereby drawing ambient air into the air induction conduits and through the bed of air permeable materials to entrain subterranean gases in the air stream". The prior art fails to disclose a suggestion to use flow out of exhaust conduits to draw ambient air into induction conduits and through the permeable bed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
